

## 2015 Risk and Profit Conference

### General Session Speakers

"Knowledge for Life"

## GENERAL SESSION I

### **Livestock Market Situation and Outlook**

#### **Glynn Tonsor, Kansas State University**

Glynn T. Tonsor joined the Dept. of Agricultural Economics at Kansas State University in March 2010 as an Assistant Professor. He obtained his Ph.D. from KSU in 2006 and was an Assistant Professor in the Dept. of Agricultural, Food, and Resource Economics at Michigan State University from May 2006 to March 2010. Glynn's current efforts are primarily devoted to a range of integrated research and extension activities with particular focus on the cattle/beef and swine/pork industries. He has broad interests and experiences which span issues throughout the meat supply chain. Through both applied research and first-hand knowledge with livestock production, Glynn has expertise in topics including animal identification and traceability, animal welfare and handling, food safety, and price risk management and analysis.

#### **Abstract/Summary**

*2015 has been a memorable year so far for the entire meat and livestock industry. The combination of changing meat and livestock supplies, animal health developments, adverse export market changes, and ongoing domestic meat demand strength have underpinned market developments and prospects for upcoming months. This session will primarily focus on the U.S. beef and cattle industry and summarize this situation and highlight “big picture factors” that will notably influence upcoming profitability. The session will include time for informal exchange of thoughts on broader economic issues facing the entire livestock and meat industry – so bring your questions!*

## Take-Home Summary Points

- Industry at tipping point on role of tight supplies
- **Demand's role will become clearer going forward**
- Identifying & acting upon comparative advantage will increasingly be key!

## Issues We Could Discuss...

- Physical Capacity/Infrastructure
- Regional shifts in production
- Avian Influenza & PEDv
- Mandatory Country of Origin Labeling
- Persistence of 2015 Export “constraints”
- Public acceptance of new food technology
  - And many more.....

## About AgManager.info

AgManager.info website is a comprehensive source of information, analysis, and decision-making tools for agricultural producers, agribusinesses, and others. The site serves as a clearinghouse for applied outreach information emanating from the Department of Agricultural Economics at Kansas State University. It was created by combining departmental and faculty sites as well as creating new features exclusive to the AgManager.info site. The goal of this coordination is to improve the organization of web-based material and allow greater access for agricultural producers and other clientele.
