INTRO Thank you for participating in this study. The following contains information about this study and your rights as a research participant.

Project Title: Food Consumption

Investigator: Glynn T. Tonsor, Ph.D., Kansas State University

Purpose: This is a web-based survey research study designed to track consumer preferences and sentiments on food consumed at home and away from home. Procedures: Proceeding with the web-based survey will imply your consent to participate in this study. There are about 35 questions focusing on food topics. The survey will take most 10-15 minutes to complete.

Risks of Participation: The risks associated with this study are minimal. The risks are not greater than those ordinarily encountered in daily life. Moreover, you may stop the survey at any time.

Benefits: This research will assist researchers anticipate the demand for various food products.

Confidentiality: The researchers will not have access to your name. At no point will a data file be constructed in which your name is linked with your responses. The data will be stored by the principal investigator in his office with no intention to destroy the data.

Contacts: If you have any questions or concerns about this project, please contact Dr. Glynn Tonsor, (785) 532-1518, gtonsor@ksu.edu. If you have questions about your rights as a research volunteer, you may contact Rick Scheidt, IRB Chair, 785-532-1483 or rscheidt@ksu.edu.

Participant Rights: Your participation in this research is voluntary. You can discontinue the survey at any time without reprisal or penalty.

Consent: I have read and fully understand the consent form. I understand that my participation is voluntary. By clicking below, I am indicating that I freely and voluntarily and agree to participate in this study and I also acknowledge that I am at least 18 years of age.
